

Morton JFL Draft Procedures

1. Evaluations will be held by the coaches to choose the players divided into three groups (A, B & C) based upon their performance and/or their known ability of the individual player. The numbers of players in a group will be determined by the number of teams in the level. NBC's will be separated using same evaluation and draft process.
2. Squirt evaluations will be completed on the 2nd Monday at the close of practice & draft conducted on the 2nd Tuesday. Pee Wee, Junior Varsity, Varsity & Senior will be turned in on the 1st Wednesday at the completion of practice with draft on the 1st Thursday of practice. All evaluations are to be turned into the noted Board Member (Gregg Lockwood unless noted) to be compiled.
3. Coaches will receive copies of the rankings with all players listed for drafting. Coaches will examine the copies and if a coach feels that an error exists concerning the ranking of any individual player they must voice their concern BEFORE the draft begins. Any decision will be decided by the Morton JFL Board Member present overseeing the draft.
4. Coaches will draw cards to determine the order for drafting players. Cards will be drawn in each round of (A, B, C) selection. Ace is the lowest card and the Joker is the highest. The Ace will select 1st, the two will select 2nd and so on. The highest card will select last then proceed to pick again in order until reaching the lowest card. This procedure continues until all players have been selected and approved by the attending board member.
5. Draft forms will be provided to all coaches and must be returned with coaches & players names upon completion of the draft.

6. Special Rules of Drafting

- Selection of Coaches Children
 - If a coach (head or assistant) has a child in the respected drafting round that child must be selected first and continued until all of the coach's children have been chosen. Under all circumstances, all coaches' children must be selected BEFORE any other player is selected for that team.
- Drafting Brothers
 - All brothers will play on the same team if they so desire & meet league guidelines.
 - If the 1st brother is drafted in round A or B and the "other" brother is ranked in another round the other brother must be drafted in the appropriate round prior to drafting other players.
 - If both brothers are in the same round the team drafting the 1st brother automatically has the other brother as their next pick.
